EDUCATION

Bachelor of Science: Computer Science
Mathematics Minor

May 2022

Rowan University, Glassboro, NJ
GPA 3.98, Summa Cum Laude

RELEVANT COURSEWORK

Software Engineering, Web Programming, Data Structures and Algorithms, Human-Computer Interaction, Database Systems, Concurrent Programming, Senior Project

PROJECTS

Mobile Timer App

A React Native mobile app utilizing different modes of recording across multiple devices to effectively time racing events on a moderate scale with little to no cost to implement. Interfaces with preexisting API to upload and merge race results from multiple devices. Developed utilizing agile scrum methodology.

JavaScript, React Native

SPRecPro (Spotify/Senior Project Recommender Pro)

A Django social media web application focused on sharing songs and albums utilizing Spotify's API.

Python, Django, HTML, CSS
