SUMMARY OF QUALIFICATIONS

- 3+ years of in-depth work experience in mobile development across multiple languages including C#, Java, Kotlin, and JavaScript.
- Skilled in writing complex stored procedures and queries for Microsoft SQL Server and SQLite databases across multiple projects.
- Frequent collaborator alongside other developers to effectively tackle large features and new projects simultaneously using Git; knowledgeable in agile development practices.
- Strong foundational skills, eager and adaptable to new technologies and new challenges.

TECHNICAL SKILLS

- **Languages:** Java, C#, Kotlin, JavaScript, SQL, Python, C, CSS, HTML
- **Frameworks:** React / React Native, Xamarin, WinForms
- **Tools:** Android Studio, Visual Studio, Git, GitHub, Microsoft SQL Server Manager, Expo
- **Operating Systems:** Windows, macOS, Ubuntu

EXPERIENCE

Software Developer   **July 2022 - Present**
ProCat Distribution Technologies
Gibbsboro, NJ

- Created and distributed a cross-platform React Native mobile application, featuring in-depth navigation, graphical data display, and customizable themes. The app uses an API to integrate with an existing SQL database.
- Published multiple apps to the App Store through normal and unlisted distribution review processes.
- Worked independently and collaborated with others to find and solve bugs, improve user interfaces, and develop new features for a wide array of existing Android applications, .NET desktop applications, and databases.
- Thoroughly tested applications and their updates for compatibility across multiple platforms, OS versions, and device types.
- Extensively worked with C#/Xamarin, Java, Kotlin, JavaScript, and MSSQL as part of everyday operations.

EDUCATION

Bachelor of Science: Computer Science   **May 2022**
Mathematics Minor
Rowan University, Glassboro, NJ
GPA 3.98, Summa Cum Laude
